

What is Community Connections?

Community Connections provides opportunities for individuals with developmental disabilities and brain injuries to come together to:

- Learn who Jesus is and how He loves each of us.
- Have an opportunity to use our gifts and develop new skills.
- Build community and connection across agencies, family-managed supports and church members.

We all have a need to be part of a close-knit community, a place to belong, grow, laugh and serve with others as we learn to love God, love each other, and share God's love as well.
