

PERSONAL MISSION PLAN

God has entrusted you with a mission field for His glory. He has strategically placed you right where He needs you. Remember, the church is the sustainable presence of Jesus in our communities. You are part of His body, so His plan to reach your neighbors, colleagues, and friends is to share His love for them through you. What a privilege. As you go through these steps in developing your own personal ministry or mission plan, please talk to God about what His thoughts are about it. Remember to ask, what is God saying, and what are you going to do about it. Involve Him in the planning.

1. Who has God made you to be? Remember, God made you strategically and will always use you the way He made you. He doesn't want to ask you to do something that He didn't make you for. How has God made you to be a blessing to others?

2. Where has God placed you? Another way of asking is this, who are your people? God has placed you in the lives of some people, so define who they are.

3. What are the Bags of Gold that God has entrusted you with? What are your skills, talents, influences, networks etc. What is it that God has entrusted to you, that is uniquely yours to invest in. Remember, God has asked you to invest your Bags of Gold in His Kingdom, not bury them in the sand until He returns.

4. How can your people, see the gospel in your life? What are the things you are doing that shows them good news? Are you always mad, then they won't see peace? How can you show them all the fruits of the Spirit, for they are great news?

5. How can your people hear the name of Jesus? It has been said, preach the gospel and use words if necessary. Well, it's necessary. When we assume Jesus' name, people don't hear it, and it's by His name that we are saved. So how are you speaking out the gospel to your people? This is not to be condemning, but remember, it's good news, not bad news.

Now take the next step. Start reaching those that God has placed around you. It's time.

A blessing for you:

May God bless you and give you great favor with all of those that He has placed around you. May you feel His sweet presence and glory as you share the hope you have. AMEN

When you are done this personal ministry/mission plan, pray over it and commit it to the Lord. He will empower you to accomplish it by His grace, not just by your commitment. He is that good. If you want to share it with us, so we can pray with you, please do. Send us a copy at globalministries@cschurch.ca. Together, we can see our city, nation and world find hope in Jesus Christ.

We encourage you to use this space provided to respond to what God may be saying to you about your personal mission plan.
